# Trust

- \* Trust is a Important thing in adventure challenge ,because if you don't trust your team. mates ,your group might loose because of you are slow .but if you trust them they will also trust you and it might get your team win

trust

takes years  
to build,  
seconds to break  
and forever  
to repair.

**Trust is like  
an eraser,  
it gets smaller  
and smaller  
after every mistake**

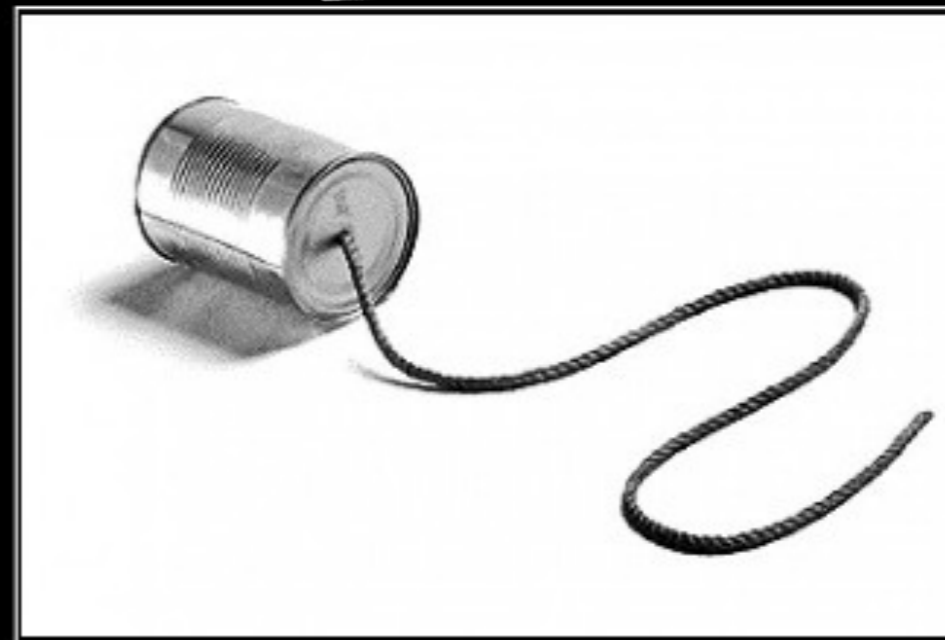

**trust**  
takes years  
to build,  
seconds to break  
and forever  
to repair.

# Communication

- \* Communication is also a important thing in adventure challenge because if you and your team didn't communicate then your team didn't have a plan and that way you would loose or didn't get good marks .

# cross cultural communication

# COMMUNICATION

It's best to pretend people are actually listening to you.

# COMMUNICATION

The key to a happy marriage.

# Open-minded

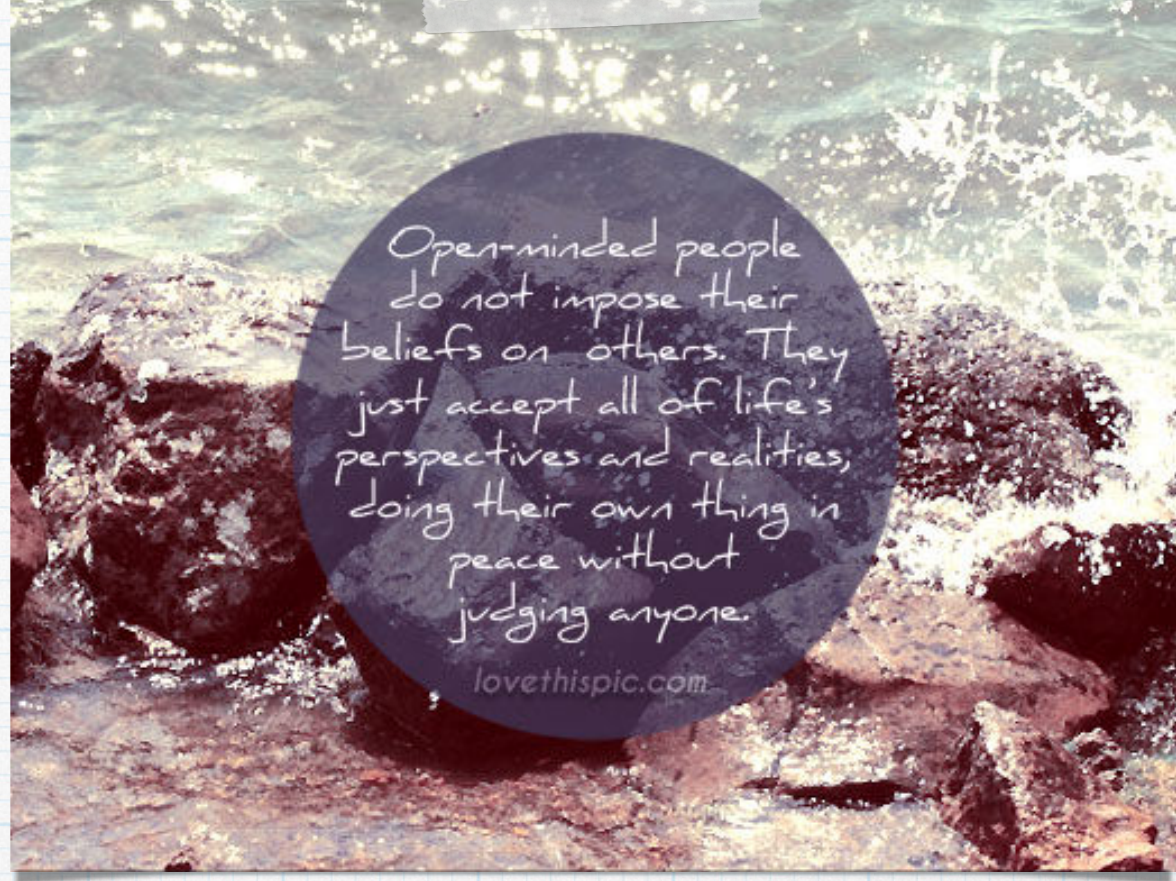

- \* Open minded is also another important skill in adventure challenge because if people don't open minded they won't get good ideas and also good thinking .

Deep conversations with  
open minded people are  
the best.

*idilliesair*

Open-minded people  
do not impose their  
beliefs on others. They  
just accept all of life's  
perspectives and realities,  
doing their own thing in  
peace without  
judging anyone.

Don't be afraid to be  
open-minded. Your brain  
isn't going to fall out.

perspectives as possibilities. However, it does not imply that one necessarily believes in all perspectives. One can choose one's own beliefs while still maintaining an open mind, as long as he is willing to accept that

ARE YOU  
Open-minded?

**KEEP  
CALM  
AND  
STAY  
OPEN MINDED**

Discuss as a team

Trust your team and  
believe them

**Solving team problems requires trust  
communication and open-minded**

Listen to others  
opinion (respect them)

Pay  
attention!  
(When  
others talk)

**The End!!**

**thank you for watching !!**
