

# PROJECT- BASED LEARNING

OUR MAP FOR THE UNIT

## problem

What problem are we trying to solve?

## research

Where do we find our information?

## real-life

Will this information really help people in need?

## your choice

What do you want to focus on?

## self-reflection

How do you think you're doing with solving the problem?

## feedback

What feedback do your peers and teachers have for you?

## final product

It is time to share your work with your target audience.
